

Look at us now!

- Phil and Jan Kerr have been running the Phil Kerr Service Centre in Darwin since 1980.
- The business has employed about 10 apprentices over the years.
- Many stay on and work at the service centre once they are qualified.
- The apprentices bring a freshness and vitality to the workplace.
- And they are trained in a way that suits the business, which increases productivity.

'Our apprentices really are a big part of the team here and their contribution to the business has been amazing'

Phil Kerr, Manager
